● "I have had the pleasure to work with Cindi Armacost, Principal CA Interiors, LLC, over the past few years. During this time, Cindi distinguished herself above other Designers due to her good communication skills, time spent on creating a well thought out plan for color as well as flow for our apartment community residents and dedication to improving the quality of life for our residents. Cindi is budget conscious and will recommend what she feels is important for your project as well as what you don't need to reach lifestyle and monetary goals."

● "It's been said 'It takes love to make a house a home'. Sometimes it takes a little more to complete that transformation. It takes Cindi Armacost.

"...In 2009 we tackled the most involved project in all these years. We gutted our kitchen, enlarged our front deck, added a gable, new skylights and roof and painted the outside of our home. Cindi was there from the inception, drawing the layout of the kitchen, helping us to make decisions every step of the way from flooring to appliances to lighting to plumbing....she was so vital to the project.

Janet Eckman

"As a homeowner of a brand new home, we were very fortunate to have you as our interior decorator. You are an extremely talented professional as you guided us through the design/decorator process of every room including a finished basement and last but not least how to create a collage for 175 crosses. You are an excellent communicator and dependable in your follow-through. You exhibit extraordinary creativity, a strong knowledge of home products, e.g., fabric, furniture, paints (colors), etc. As a result of your expertise we avoided costly errors as you designed and created an attractive interior plan specifically [for] our needs. ... Working with you is a delightful experience we enjoyed and appreciated your enthusiasm and sense of humor."
